The Declaration of Authorship and Academic Integrity is a mandatory element of all team assignments and projects completed as part of the requirements for Communication and Liberal Arts Studies classes. Part 1 identifies the contributions made by each team member. Part 2 is your confirmation that each team member recognizes his/her responsibility for ensuring the academic integrity for the project as a whole.

Part 1: Complete the table below and indicate who authored each section of a report/assignment or worked on a particular element of a project. Sections/elements can have one or multiple authors/contributors. List all work done by each team member.

WRITTEN SECTION / PROJECT ELEMENT	AUTHOR(S) / CONTRIBUTOR(S)

Part 2: Our signatures below confirm the contributions noted in Part 1. Our signatures also confirm that each member of our team has reviewed the final assignment prior to submission and it contains no material that has been paraphrased or copied without being appropriately referenced. We further acknowledge as a team the importance and relevance of a collaborative effort to ensure our success. If any unattributed or copied material is identified by the instructor during the grading process, we understand that we, as a team, will be charged with plagiarism and will face consequences as a result of those charges (see the SAIT Student Code of Conduct Procedure for details).
